**SOUTH**

Here is a vast country with the best climate in the world, with conditions of health which are absolutely unparalleled, with vast forests untouched, with enormous veins of coal and iron, which yet have not known anything beyond their original conditions; with soil that, under proper cultivation, for little capital can support a tremendous population; with conditions in the atmosphere for comfortable living winter and summer which exist nowhere else in the country; and that is to be the attraction for the young men who go out from the farms to seek settlement, and not by immigration from abroad, for I do not think they will go that way—but by the internal immigration from our own country it is to become in time as prosperous as any other section of the country and as prosperous by a purely American development.

**BRIEF MENTION.**

WHAT THE PEOPLE ABOUT TOWN ARE DOING.

**PUNGENT PERSONAL PARAGRAPHS.**

**Longest Day in the Year—Qualified as** Magistrate—The Pay-roll of the Machine Works—Left for Bedford County.

This will be the longest day in the year in the city.

Mayor Ed. S. Hutter, of Lynchburg, is in the city.

C. F. Ray has qualified as magistrate from the Third Ward.

Judge George Junkin, of Christiansburg, leaves today for home.

Mr. D. M. Ruggles has qualified as a councillor from the Third ward.

S. B. Howell, of Suffolk, is at the Hotel Felix. He is a brother of J. B. Howell.

The Roanoke Machine Works employees were paid off yesterday. It took \$87,315.35 to do it.

Mrs. T. O. M. Davis, who has been visiting her sister, Mrs. Felix, left yesterday for Rockbridge Alum Springs.

Mrs. C. F. Ray, of northeast Roanoke, leaves this morning for a short visit to her father's home in Bedford County.

Vice President C. M. Clark, of the Virginia Development Company, arrived from Philadelphia yesterday morning and is at the Roanoke.

W. C. Beck received yesterday a pair of black horses from Pennsylvania, via the Shenandoah Valley railroad. They are of fine stock.

Mr. John Robinson, the assistant superintendent of the Shenandoah Valley railroad, is in the city. Mr. Robinson thinks that the new line will do much to develop both this State and that section of Ohio which it traverses.

**Riverside Park.**

First game of the season and you must see it.

New grounds, fine diamond and a seating capacity for 1,000 people. If you think there will be a poor game you err, for Bedford City is a boom and they will not send a poor club to do war against Roanoke.

A paid battery sounds well and our boys are going to see how well they are paid.

The Roanokes are not as strong as they were last season, but they have the same energy and vim as of yore and "dressed in their best suit of clothes," it is a question of "down" or "up" with McGuffey.

Come out, ye admirers of the game and give the boys a send off, for this game decides their future prospects, as it is Hagerstown next week and then Bristol and Knoxville. Usual prices of admission: game called at 4 p. m.

**The Exchange Addition.**

The Exchange Addition property has just been put on the market, and the lots are going fast.

The property is most desirably located. It is adjacent to the Lewis addition, and lies north and nearer the center of the city than the Jeanette property, four acres of which have been donated to the Presbyterian church as a site for the \$30,000 Female Seminary, which is to be erected at an early date.

The property is also adjacent to that of the well-known Roanoke Land and Improvement Company.

The addition is to be called the Exchange Addition.

The land is level and well drained, and well adapted in every way for beautiful residence lots.

Messrs. Gray & Boswell are sole agents for the property.

It is an established fact that Joseph Cohn, the Salem avenue clothier, has the finest, largest and best assortment of ready-made clothing in the city. Just listen to what he proposes to do in order to close his entire stock before the season is over. He proposes for today (Saturday), to divide his entire stock into three grades.

First grade, embracing all of his finest suits. You can take your choice for \$16.00.

**GLADE ADDITION.**

A Beautiful and Convenient Location for Buildings.

No city in the South has grown with greater rapidity than has Roanoke, and probably not one is on a firmer foundation considering its age.

Roanoke swells and grows each day, and unlike most cities, does not grow in any one direction more than another, but is being rapidly built up on every side, north, east, south and west.

The influx of population since 1881 has been enormous, and hundreds of buildings have gone up to supply the demand. There has been no lull in the erection of houses this winter, except that occasioned by the rain, and drive in what direction, you will hear the sound of the hammer and evidences of building meet your eye.

Hundreds who rented houses a few years ago pay taxes now, owning their dwellings, and the erection of residences is the best index to the growth of the city and the strongest assurance that the city is here to stay.

The homes that have been built here within the past year, many of them, as handsome, artistic and expensive as can be found anywhere.

To accommodate the ever increasing population, numerous additions have been laid off and the lots placed on the market. Among the many valuable properties heretofore, none of the best inducements and place of residence than the Glade addition.

This property is situated just east of Glade creek and is traversed by the Vinton extension of the Roanoke street railway, which places it in direct communication with the central portion of the city, a person can live in that section, and if his place of business is in the upper part of the city, or even in the West End, he can take the street car and be ready for the day's work at the usual time. Every benefit of a suburban residence is obtained, without any of its discomforts.

The property is well drained and therefore healthy. It has been divided into lots by the laying off of wide streets and avenues. The view to be obtained from Glade addition is beautiful. On the east, towering hundreds of feet in the air, are the Blue Ridge mountains, while on the south the Roanoke river winds itself like a silver thread among the hills, forming one of the most beautiful bits of scenery anywhere in Southwest Virginia. One of the principal features about the Glade property is the easy terms upon which the lots can be gotten. The prices have been placed so low that it is within the power of every man to own his home.

Messrs. William M. Yager & Co., the agents for the company and they will take pleasure in giving any information concerning the property. Call on them at their office on South Jefferson street.

Automatic Electric Signal stock at Gray & Boswell's today and tonight. This stock can be bought for only \$1. An opportunity of a life time to buy for \$1 stock that is expected to bring the purchaser hundreds. Railroad officials pronounce it practical, simple and cheap. je21-tf

**EAST END ADDITION.**

**Desirability of and Demands for Lots There.**

As the summer advances much activity in building operations is noticed, and many new houses are in process of construction. This naturally makes the real estate market much firmer, and agents are correspondingly happy. Shumons & Co. have been doing a rushing business, one of the best since the firm was established. The East End property is changing hands very rapidly, and many new houses will be erected this season.

Among the prominent additions in the East End, is that of the Oak Ridge Land Company. The addition lies just east of Belmont and south of the East Side Land Company's property and adjoins the farms of Messrs. George Taylor and G. W. Carr.

This offers every inducement as a place of residence. It is removed from the business portion of the city and therefore gives a quiet, suburban home, while at the same time it is near the dummy line and therefore quite convenient to the city.

The land is high and dry and has just enough slope to give a good drainage. Gas and water mains are being put in and new streets are being laid out. Everything is propitious and it is destined to take its proper place in the front rank. It is located near the furnace, rolling mill, bridge works and the machine works, and offers, therefore, greater inducements to the workman, as it is near his work. A number of neat cottages are going up and others have been contracted for.

James S. Shumons & Co. are agents for the company, and they can give good bargains. The property is going rapidly, and if you want to obtain good bargain call on them at once. The prices for the lots are low and the terms easy, so every man can own his own home.
